THE SCHOOL SPORTS PRIZE WINNERS

The fourth annual interschool sports, under the auspices of the Bow Valley Local of the Alberta Teachers' Alliance, was held on the Strathmore School grounds.

Ideal weather conditions prevailed, and there were a goodly number of adults and children present.

The following schools participated: Carleland (4 teams); Namaka (5 teams); Servierbury Creek, Harwood and Strathmore (6 teams).

Following is a summary of results: Class 1 A, under 55 lbs.—Strathmore, 25; Carleland, 25; Servierbury Creek, 2.

Class 1 B, under 67 lbs.—Strathmore, 35; Carleland, 20; Servierbury Creek, 3.

Class 1 C, under 80 lbs.—Strathmore, 36; Carleland, 18; Servierbury Creek, 4; Harwood, 5; Namaka, 2.

Class 2, under 96 lbs.—Strathmore, 30; Carleland, 13; Servierbury Creek, 27.

Class 3, under 115 lbs.—Strathmore, 35; Carleland, 33; Namaka, 6.

Class 4, open—Strathmore, 37; Carleland, 30; Servierbury Creek, 15. Totals—Strathmore, 204; Carleland, 144; Servierbury Creek, 52; Harwood, 5; Namaka, 8.

The shields were won as follows: Class 1, Strathmore; Class 2, Strathmore; Class 3, Strathmore and Carleland (tied); Class 4, Strathmore; Rural school shield, Servierbury Creek School.

The special gold medal for the boy or girl winning the greatest number of points in any class goes to Kathleen Head, of Carleland.

Butions for the boy and girl winning the most points were won by: Class 1—Kathleen Head, Carleland, 17 points; Louisa Pakenham, Carleland, 13 points.

Open Class—Bertha Gooch, Servierbury Creek, 15 points.

Class 2—Phyllis Bower, Strathmore, 15 points; Bert James, Servierbury Creek, 14 points.

Class 1 A—Helen French, Strathmore, 15 points; Richard Christensen, Carleland, 13 points.

Class 1 B—Martin Saddle, Carleland, 8 points; Dorothy Hamar, Strathmore, 13 points.

Class 1 C—Charles Tucker, Strathmore, 9 points; Bernice Whitehead, Strathmore, 10 points.

Mr. W. N. Watson, of the Strathmore School staff, was in charge, and great credit is due him for the arrangements which resulted in such a successful field day. A special word of congratulation is due to Mr. Gooch and his pupils for the excellent showing made by the Servierbury Creek school. It is to be regretted that more of the rural schools of the district did not compete.

In Class 2, Bert James of Servierbury Creek school, cleared 4 ft. 11 in. in the high jump. This is an excellent jump for a boy under 95 lbs.

Local Jottings :-

The Family Herald and Weekly Star with its wonderful improvement is now regarded as the great Agricultural Paper of Canada and the Family Circle's best magazine.

Tester Giroux expects to leave Friday to join the Los Angeles Hockey Club, and his many friends hope to expect to see him join the Black Hawks in Chicago, under Herb Gardner next season.

P. Duffus, of Carleland, has sold his farm, it is reported, at \$50 an acre cash, and has engaged A. Layzell to hold a big sale on November 3th.

Golf Notes

The semifinal and final matches for the Men's Championship Cup brought out some very close competition, the sensational feature in each being the sudden development of championship form in a promising young player, Alex Gray Jr.

In the semifinal Gray took the night driver and canny putter; Joseph Van Tighem to the 13th hole, where Van took the championship by one stroke on the last hole.

In the Consolation Medal final match, another young player of promise, Archie Whitehead, won his match and medal from J. H. Martin, by the decisive score of 19 up and 8 to play.

The postmaster general, being the victim of the vicissitudes of the luck which marks the royal and ancient game, What he? the Scottish Royal?

A feature which will appeal to the observer is the fact that the handicaps were so nicely adjusted to the needs of the players that the games were as close as possible.

The Captains, Mrs. Van Tighem and Mr. G. H. Patrick announce a mixed foursome with prizes, 5 holes match or stroke play, to be played next Sunday, November 4th at 1.45 p.m.

The president and officers of the Ladies Golf Club will entertain the members at tea in the club house after the game. A charge of 55c being made to each gentleman player to defray the cost of the prize.

The draw of those who have so far surpassed their inaction of play is as follows. Three additional men here who may wish to play will kindly arrange their foursomes as they desire, and telephone Mrs. Van Tighem, Mr. Patrick or Mr. Whitehead.

Mrs. Whitehead with A. Gray Jr. vs. Mrs. McParland with T. Wright.

Mrs. Dorney with R. Whitehead vs. Mrs. Pierson with J. Van Tighem.

Mrs. Brown with L. West vs. Miss Gibson with Wm. Gray.

Mrs. Van Tighem with G. Patrick vs. Mrs. T. Wright with A. Pierson.

Mrs. T. Chamberlain with D. Perry vs. Mrs. McMillan with R. C. Pedersen.

Mrs. Perry with T. Gatenby vs. Mrs. Lambert with A. Gray Jr.

Mrs. Stockton with N. Gatenby vs. Mrs. Shrimpton with R. Stockton.

Mrs. A. Moore with R. Brown vs. Mrs. E. Pierson with C. Lambert.

Ladies Golf Club
The final round for the Ladies Handicap Cup was played on October 18th, when Mrs. Van Tighem won from Mrs. McParland, one up, after a very close game.

The Consolation Medal was won by Mrs. Perry.

Friends of T. Gatenby will regret to learn that he is in such poor health that he finds it necessary to retire from business. His illness is a repetition of that which he had some years ago in Victoria, which incapacitated him from business for many months. After giving the matter careful consideration, Mr. Gatenby has decided to sell everything in the store at reduced prices, and even the fixtures are for sale. The sale opens on Saturday, November 3rd, and will continue until every dollar's worth of goods has been sold.

Bill Saunders was out of town for a few hours on Tuesday, and when he returned, found that his fine Chesapeake dog had disappeared. Can't leave town for a minute, said Bill, without something going wrong. Just as full of trouble as when I was single.

Two papers in one—The Family Herald and Weekly Star of Montreal—will be for the farm, the other for the home, both of superior excellence. One dollar a year covers the subscription, or three years for \$2.

John Kent, of Chéville, will reside in Calgary for the winter months. Stanley Ludd and family will reside on the Kent farm at Chéville during the winter season.

George Koch chaperoned a party to the Carleland dance last week.

R. P. Foster, formerly of the local teaching staff, now resident of New York, was cordially welcomed by his Strathmore friends on Saturday.

Mr. and Mrs. W. M. Davidson, of Calgary, will be week end guests of Mr. and Mrs. A. A. Moore.

C. G. I. T. HALLOW'EEN PARTY

An exceedingly jolly and cleverly planned Halloween party was held by the Ladies Golf Club with their leader, Mrs. D. Shrimpton had kindly offered her home for the party, which was prettily decorated by Miss Helen, with cut paper, pumpkins, black cats, the old woman and her broom stick, owls, bats, and streamers of orange and black paper.

The guests, twenty in number, came in costume, and half the number dressing in male attire by request.

It was a very interesting, picturesque and amusing scene, as the "couple" marched in, were introduced, and then found seats. There were clever, quaint, old fashioned, artistic and unique costumes, and the girls deserve much credit for producing so varied an ensemble. There were no duplicates.

The characters represented were: 'belle and groom, Bertha Gray and Florence Garrett; Young married couple, Louise Bower and Joseph Colby; Halloween and Queen of Hearts—Pat Kearns and Isabel Drummond; Married couple with baby and "cat", Ruby Gerrard and Phyllis Bower; Alice Garrett and Agnes Frederick in costumes of the 80's; Gypsy and Pansy, Josie Rellinger and Mrs. Moore.

THE CANADIAN LEGION AND I.O.O.F. HELD JOINT SOCIAL

The second Social Evening arranged jointly by the local branch of the Canadian Legion and I.O.O.F. proved a thoroughly and gratifying event. There were about one hundred and forty persons present.

Through the courtesy of the Tennis Club, the very beautiful decorations which had been planned for their dance were put in place early in order that the Monday evening event might share the benefit of the pretty effect. One realized something about the amount of planning and work necessary to achieve this very beautiful result. Comments of commendation were heard on all sides. Myriads of black and orange streamers suspended from the shaded lights, cats, owls, bats, and all the wittches necessary to a complete Halloween decoration were there. Very effective were the illuminated "full moons", particularly the one shining through the window.

Mr. W. S. Patterson and Mr. James Weir were responsible for this very complete decorative scheme.

What was played during the early part of the evening "Travelling time" furnished much amusement and socialization as to its ultimate owner. This proved to be Mrs. Freeman and Mr. Frederick Harvey.

Supper was served on tables very prettily decorated in Halloween colors. Seated at the head table were President, Crowther; Mr. Patterson, Secretary; Mayor and Mrs. Shrimpton, and Mrs. A. A. Moore.

After the delicious supper had been done full justice, Mr. Crowther spoke a few words of welcome, commending singing led by Mr. Patrick, was hearty.

Mr. Crowther then asked Comrade Springthorpe to present the prizes for ladies, which were won as follows: Ladies first, Mrs. Barker; Gent's first, Mayor Shrimpton; Consolation, ladies, Mrs. N. Scheer; Consolation, gent's, Mrs. Chas. Harvey.

The next item, Chairman, Crowther called on Comrade Gardner to perform a very pleasant duty. Mr. Gardner, in a very witty speech, presented Comrade "Red" McKeehan, (widow) Mr. Gardner explained, had recently committed matrimony, with a fine electric office percolator. Mr. McKeehan replied briefly, but ably, thanking the donors on behalf of his wife and himself for their gift.

The debate on Friday evening was specially mentioned by the ladies. The Armistice Dance on Monday, November 12th.

The guests then returned to the large hall, where dancing was enjoyed. The supper committee was ably convened by Mrs. T. Gatenby, assisted by Mesdames O. Wright, Springthorpe, Izard, McDonald, Schulte and Miss Bally McNair.

The tables were decorated by the ladies. Miss Fols, McKeehan, and the Reception Committee consisted of Messrs. Crowther, Winter and Patterson, and Mesdames Chas. Harvey, Shrimpton and Mrs. Gannan.

Mr. Baird was the pianist of the evening, and he, with Mr. J. Gannan, furnished the music for the dance.

FOUR BACHELORS HELD HALLOW'EEN PARTY

Unique invitations, issued by "Four Bachelors" (bachelors from choice), lured a number of guests to accept the hospitality of the said "Four", on Friday evening last.

Arriving at the appointed place, the guests were greeted with a "spooky" atmosphere of grinning cats, flying bats, sleepy owls, creepy witches, and occupying the most central a conspicuous place was a "picture" skeleton, reminding one all too vividly of "The way of all flesh".

Interpreted with these special decorations were effective streamers of orange and black, festooned in red, and draped from corner to corner, giving a very picturesque effect. Each guest was provided with "one champagne" of bright blue and form most befitting their particular type of beauty.

"Bridg" was played at four tables, and some keen games interspersed with slow music and witty repartee provided a very pleasant evening.

Appetizing refreshments were done full justice, and after which prizes were awarded as follows: First prize, Miss Mary Fols; Gent's prize, Mayor Shrimpton; Consolation, Mrs. T. Schulte.

The Editor was presented with a "pipe of peace" in an endeavor to turn him to keep the peace and reveal the "peace" which will all be read this item, will see he has been fully kept.

Helen Shrimpton; Chinese Boy and Charlie Chaplin, Douglas Shrimpton and Raymond Bower.

Prizes were awarded as follows: Best dressed couple, Florence Garrett and Bertha Gray; Best costume, "Baby Boy", Phyllis Bower; Second single costume, Ingeborg Colby.

The dance was spent in games, after which the youthful guests sat down to prettily decorated tables, where choice refreshments were much enjoyed.

Those assisting Mrs. Shrimpton were Mrs. Burns, Mrs. Bower, and Mrs. Moore.

SPORT NOTES

HOYT EQUALLED RECORDS OF FORMER STARS

NEW YORK—When Waite Hoyt, New York Yankee pitcher, turned back the Cardinals in the last game of the world's series, giving the Yankees their second world's championship in a row, he got into the hall of fame as a world's series pitcher. Hoyt equalled and even bettered the records of former world's series star pitchers. His victory over the Cardinals was his sixth in world's series history. He has lost but three.

Such former stars as "Matty" Mathewson and Chief Bender, and his team-mate, Herb Pennock, enjoyed former records, but Hoyt has even passed their superior marks in games won.

The famous "Matty" won five and lost five in his time. Chief Bender, former member of the Athletics, won six and lost four in a long and honorable career from 1905 to 1914.

Now Hoyt has established a six win and three loss average in his nine games. The one-time Brooklyn school boy has pitched a total of 77 innings.

He has taken part in six complete games, given 22 passes, fanned 46, allowed 74 hits and 25 runs 15 of which were earned runs.

TROTTER STAR SOLD FOR \$125

CHICAGO—When the Walnut Hill Farm yearlings were sold at the New York sale last fall, with the tops bringing up around five-figure prices and the lot of nearly 100 head averaging well up in four figures, there was one, a youngster called Contender, a son of the unfired sire McGregor the Great, 2:03½, which was knocked down to the bid of Carl Dill, president of the assistant trainers of Walter Cox, for \$125. Dill didn't keep the youngster long, but sold him at less than \$100 profit to an Indianapolis horseman.

The "ugly duckling" came along nicely in his early work last spring and before the start of the racing season the Indianapolis reinsman, Carl Dill, acting for his wealthy patron, E. J. Baker, heir of John W. Gates, paid \$175 for Contender.

During the harness meeting at Fort Miami Park track, Toledo, Ohio, Dill drove Contender against the world's record for two-year-old geldings, and 2:06½ which he had established during the Troy at Lexington. He trotted in 2:05½, the fastest mile by a two-year-old in 1928. On the second day of the meeting he had raced three times second in the American Horse Shower, trotted by Walter Bear. Later, there being no more colts to race for him, Dill started the youngster against a field of aged trotters and he won, trotting the second heat in 2:06½.

The fly in the ointment in the case of Contender is that his owner did not keep him eligible to the Hambletonian stake when the January 1 payment was due so he has no chance to race for the purse which will probably be worth upward of \$50,000 next season. However, he is eligible to the Kentucky Futurity and other rich colts events. His sire McGregor the Great was the leading money winner of the 1919 season when raced by Walter Cox, but has only been in the state a few seasons and Contender is the first of his get to show real form. Contender's dam is a daughter of Axtworthy, another case of the "Golden Cross"; Peter the Great and Axtworthy, McGregor the Great being a son of Peter the Great.

WORKOUT FOR BLACK HAWKS

CHICAGO—When Manager Herb Gardner called the roll of the Chicago Black Hawks as they began working out the kinks at the Chicago Athletic association gymnasium, he discovered that the elements and United States immigration officials had conspired to keep some of his back chasers late.

Mickey McKay and Duke Keats, en route from western Canada by automobile wired Gardner that they were stuck in more difficult border along the line. Johnny Gottselig, the forward player purchased from the intended Winnipeg team, is held up at Emerson, waiting for the immigration officials to OK his entrance into the United States as an "entertainer".

The Hawks have been shaken up somewhat since they finished with such a sorry showing last spring. Am by Moran, the Moose Jaw "bad boy" has been sold to the American association team at Kansas City, while Charlie "Babbit" McViegh, probably the most popular of the local players, was traded to the New York Americans for McKinnon. Charlie never was a heavy scorer during his jou-

lure, but he was easily worth his salary as a drawish card. McCalmont, who came from Saskatoon with Earl Miller, also went to the American association. He was a trifle inexperienced for the position and may improve with seasoning.

Chuck Has Understudy
"Chuck" Gardner has been provided with an understudy in Bill Beveridge who may be permitted to take his regular turn between the posts, provided he displays the proper class. Bobby Burns, formerly with the Chicago Cardinals who was transferred to Duluth, has been purchased by the Hawks. This had displayed great promise and may prove to be one of the real finds of the coming season.

Lolo Couture is another addition to the Hawk roster. He will be played on the forward line.

Only seven players, of the 16 on the payroll turned out for the first practice today, but they were given a stiff workout. They were: "Chuck" Gardner, Val Hoffman, "Cyclone" Wentworth and Ralph Taylor, defense men; and Bill Beveridge, goalie. Dick Irvine, captain of the team for the last two years, looked in on the practice for a few minutes, but did not participate. Dick was put out of the game in midseason last year as a result of sustaining a skull fracture in a game with the Montreal Maroons.

Following ten days of gymnasium work, the team will go to Kansas City for ice practice.

The Hawks hope to be in their new palace before the season is over. It is being built by Paddy Hammon on the near west side and is expected to be able to accommodate 20,000 patrons.

BRITISH COLUMBIA MAY RELAX RACE REGULATIONS

VICTORIA, B. C.—British Columbia's Treasury is richer by \$202,083.15 as the result of collection of the 5 per cent tax on \$451,407.75 registered in the fifty-five days of racing in the province this summer, this being after deduction of 2½ per cent for collection. There were 125,049 admissions to the tracks. In 35 days' racing at five meetings at tracks adjacent to Vancouver, \$158,167 in tax was raised, with an average per dollar bet of \$10.470 and an average per capita of \$214. Total gate receipts of a 14-day meeting, exclusive of amusement tax, were \$120,912.29.

Nearly one million two-dollar bets were laid, \$75,964 to be strictly accurate. The five-dollar plays were 194,215 in number, those at \$10 a shot, 61,675, and 321,329 bets. Comparisons indicate that the average per capita betting was higher on the Island than on the Mainland tracks, \$39.26 as against \$22.14. Total admissions at Island meetings were only 24,313, with an average daily attendance of 1,159.

Relaxation of the stringent racing regulations in this province, probably in the first instance in an extension of the season, is looked for during the coming year, Hon. Dr. Tolmie, who has just achieved the premiership, being one of the fathers of racing in Western Canada and associated with the sport on British Columbia tracks during the past forty years. His cabinet too, is composed of gentlemen a majority of whom are like himself, ardent sportsmen.

AT LAST! A SCHOOL FOR BALL PLAYERS

LOS ANGELES—Baseball has taken its place among the fine arts in academic science.

A school, the faculty of which will be composed of men who have won more or less fame in the realm of baseball, has been organized here to instruct young players in the national pastime. New players will come under the personal supervision of such men as Frank Dillon, Gretna, who has many years in both major leagues; Jesse Orndorf, former Boston catcher, and John L. Bassler, former Detroit pitcher and now star of the Hollywood Pacific Coast League Club's catching corps. The youngsters will be taught all the fine points of play from December to March. Negotiations are being completed for use of Wrigley Field as the training site.

The school, its organizers said has been started for the purpose of eliminating the haphazard system now used for developing players. Clubs sending players to the school will be assisted for the training, but promising youngsters picked up by the school's faculty on auditions and elsewhere will be given their baseball tuition without charge.

I Saw Last Week

HICTOR McNEIGOR, had and doctored when he was informed that reputation of wealth, received by him, had to be transferred to T. M. Wears, without any deduction. "My only consolation is that it will not get away from T. M.," he replied. R. H. PATTERSON (sitting about how many ducks that he had shot this season, and then rudely interrupted by Jim Moran with the question, where did he get his multiplying adding machine?)

CONSTABLE BILL HARRISON taking the "twins" out for a drive; that was O. K. as Mrs. Harrison accompanied him. E. P. FOSTER, of Nelson, persuading Principal Crowther to accompany him to Calgary on Saturday.

ALEX GRAY "see," suggests that when the new lights are being placed, that another one on Second Avenue, near the Royal Bank, would fill a long-felt want. BILL MATHERS with pencil and pad figuring up how much it would cost to put a friend of his on the "Indian Leap" track, and Bill, "Jimmy" crickets, that's the price of four-two beers." FRANK MILLER, the Coronation millionaire, displaying his new Nash car to an admiring crowd, and stating that now he was glad the old bus had been wrecked. FRANK REALES enquiring when he Curlew Club would be getting organized for the season. "I'll give those fellows some real pointers on curing this year," said Frank, "as I have been in physical training all summer." JIM MORAN and REV. J. N. WILKINSON having a hearty heart talk about funerals and his reverence surely got a bunch of statistics, even if Jim is a man of few words. ARTHUR and ALICE commiserating the services of Charlie to move some furniture, which he did willingly. BILL WILKINSON having a battle with some bad bar, in which he came off second best, receiving a badly burned hand in the encounter. BILL MATHERS recommended moral aid. JIM MORAN at work one morning at 6:30 o'clock, and rudely enquiring from pedestrians where they had been keeping themselves all night. ALLEN carrying an extra supply of soft soap, explaining how badly he felt when the storm recently put the Calgary Power Co. out of business as far as Strathmore was concerned. Jack is a real believer in the adage that a soft answer turns away wrath. W. B. PATTERSON and JIM WEARS busy putting up the Halloween decorations for the Tenth Club Dance tonight. JIM MORAN working overtime to get Jim Harwood's new furnace ready for the winter work. PETER DE KORTY using handwork to trace up Perry Wright's building record. The ability of ALEX GRAY being sponsored as an efficient volunteer fireman, qualified to join any up to the minute Fire Brigade. MARSHALL, KIMPTON and TOM GLENDINNING leaving for a visit at Gleichen, but Tom had to return alone, possibly Marshall was detained to help with the milking.

HUDSON BAY ROUTE MAY REVOLUTIONIZE TRADE

SASKATOON, Sask.—The Hudson Bay trans-Atlantic route will revolutionize British trade with the prairie, just as the Panama canal revolutionized trade with British Columbia, at a time when the west is becoming more and more ready to buy British goods.

Such was the observation made this morning by A. M. Wiseman, deputy trade commissioner, attached to His Majesty's trade commissioner's office in Winnipeg.

Mr. Wiseman's office serves for the promotion of the sale of British goods in Canada, and is under the department of overseas trade, London. The deputy commissioner, who has now lived in the west for eight years, spoke enthusiastically of the tremendous growth he had seen during that time, a growth which he said anxiously was making Winnipeg a little anxious and a little more ambitious.

Saskatoon, he thought, would be the leading distributing point for the Hudson Bay railway, and if that became an accomplished fact, there would be no limit to development here. The opening up of the northern minerals means a great deal to Mr. Wiseman and the representatives of British firms, for there is a great field for the sale of mining machinery, a quantity of which, manufactured in Great Britain, has been sold in northern Ontario and British Columbia. Discussing the recent visit to Saskatoon of D. G. Shorten, director of two large British firms which manufacture agricultural and road-making machinery, Mr. Wiseman said that the British manufacturer was fully alive to the necessity of giving service and supplying spare parts at a moment's notice. As a matter of fact, he said, quite a number of Diesel oil engines, and some electric motors were being sent in by elevators at country points and elsewhere.

Of some 60 British manufacturers circled around the prospects for trade in Canada, some 40 had already stippled their intention of sending out directors to look over the territory. As a matter of fact, he said, Heads of firms were being sent out in preference to subsidiaries, conditions in Canada, with the greater promotion and sales expense involved, calling for a very authoritative form of report to home offices.

SEES ELECTRICALLY PRODUCED FERTILIZER FOR SOIL OF WEST

TORONTO—The rehabilitation of the soil of the western provinces through the use of nitrate fertilizer developed by electricity, possibly in northern Manitoba, is visioned by Professor J. Watson Bain, head of the chemical engineering branch of the faculty of applied science, University of Toronto.

Addressing the Toronto Electric Club, Prof. Bain said that by passing the component parts of water and air through a simple chemical process, ammonium nitrate, the best and most concentrated fertilizer known, could

be produced in unlimited quantities. By the fusion of rock phosphate and coke a compound of phosphorus used in the fertilizing process would result, "I believe," he said, "that before many years pass we will have to supply fertilizer to the west. They have been mining the ground there in the production of wheat. In Germany, to show how important fertilizers are to Canada, it is not uncommon to produce forty bushels of wheat to the acre. In Ontario the average production is twelve bushels."

Before many years, Professor Bain believed a great plant would be installed on some of the northern rivers, running into Hudson Bay, where electric power could be developed. Water would be taken from the river to obtain its hydrogen content and nitrogen would be removed from the air. The two could be united to form the great basic element of plant food. He was of the opinion rock phosphate could be found in the same area and that coke could be freighted in to complete the manufacture of phosphorus in the huge electric furnaces, which would derive their heating power from the harnessed waters of the river.

In both processes, Professor Bain believed, electricity would be used for the heat necessary in breaking up the elements of the mediums used. It will be a contribution of electric engineering," he said. "It is a field in which we can join hands for the benefit of the country at large."

SASKATOON MEET HEARS PROPOSAL FOR INSURANCE

SASKATOON—Public liability insurance for taxicabs operating here was suggested in a report by Commissioner Arthur Leslie, submitted to the city council, but no definite action was taken. The proposal suggests that all applicants for licenses for taxicabs be required to deposit with the city a public liability insurance policy in the sum of \$5,000 for injury to one person, and \$10,000 for injury to more than one person.

Some members of council thought this was more insurance than a tax cab should be required to carry, and accordingly figures will be brought in by the commissioner at the next meeting with respect to policies for \$2,500 liability insurance in case of injury to one person, and \$5,000 in case of injury to more.

HEARD ON THE STREET

Norman Gatenby: "What shall I do to keep from falling in love?"
Ray Price: "Enquire about house rent."

LOST: World's biggest porter, owned by William of Lehigh, Nebraska, who weighs 1,245 pounds and measures seven feet eight inches from the tip of his tail to the end of his snout.

"Mummy, isn't that monkey like Grandpa?"
"Hush, darling! You mustn't say things like that."
"But the monkey can't understand, can he, mummy?"

Maud: "Since you have broken your engagement to Jim because your feelings towards him aren't the same, why do you keep his ring?"
Mabel: "Because my feelings toward the ring are still the same as ever!"

"So you're lost, little man? Why didn't you hang onto your mother's skirt?"
Youngster: "Couldn't reach it."

LOST—Brown, blue and tan shepherd dog, one glass eye, lame back foot.

Teacher: "Give me a historical example of inappropriate action."
Bright Pupil: "When Nero was burning Nero played the fiddle when he should have been playing the nose."

"Vera is mad with Stella for saying that Thursday is only an apology for a man."

"Why should that worry Vera?"
"Haven't you heard? She's just accepted the apology."

The foreman was rebuking Pat for being late.
"Why is it," he said, "that Johnson,

who has to walk three miles to his work is always here on time, and you, staying only around the corner, are always late?"

"Sure," said Pat, "that's easily explained: If he's late he can hurry a bit; but if I'm late I'm here and it's no good hurrying."

A Scotchman had applied to his chief for leave. "Do you mean to tell me, Macnab," said the latter, "that you want your next year's holiday now—in November?"

The Scotchman nodded his head. "Well, you see sir," he said, "it's on account of my youngest boy, Sandy. He'll be over twelve if I don't go this noon."

Palmer: "Did you tell your teacher that I helped you with your French lesson, Tommy?"

Tommy: "Yes, and she said that she wouldn't keep me in after school this time because it didn't seem fair I should suffer for your ignorance."

First Lady: "She wanted me to 'ave a finger in the pie, but I smelt a rat an' nipped it in the bud."

Second Same: "Lor, Mrs. 'Arris, 'ow you do mix your semaphores."

"Do you love me, darling?"

"Of course I do, Jim."

"Jim? My name's Doc."

"Why, so it is! I keep thinking today is Monday."

"I never saw such a chronic pessimist as Blank is."

"What's the latest grievance?"

"He found a pound note this morning and is grumbling because a man to whom he owed half a quid saw him pick it up."

Witness: "Then he upped and I knocked me down with a leaf."

Witness: "Yes, your honor. With a leaf from the table."

Aunt Het remarks that the first child is a burden and a worry, but after you get a house full you kind of get used to seeing 'em dirty."

The late Bob Taylor, who was called the "pardonng governor," told the following story of an old colored woman who came to him while he was Governor of Tennessee:

"Marse Governor, I want my Sam pardoned," she said.

"Where is he, auntie?"

"In de penitentiary."

"What for?"

"Stealin' a ham."

"Did he steal it?"

"Yes, sah, he steal did."

"Is he a good nigger, auntie?"

"Lawdy, no, sah! He's a pow'ful worthless nigger."

"Then why do you want him pardoned?"

"Cause, you' Honoh, we's plumb out of ham ag'in."

An Irishman and a Scotman were discussing the horrors of living in a local option town, when the Irishman remarked, "Sure an' you might fit used to it after a while. You know, they say a canal can go eight days without a drink!"

"Hoot, man!" retorted the Scotman. "It's little ye ken about the Canaplethe when ye say that. There's nae one of them could go eight 'ours wi' out a wee drap of something."

That ended the discussion.

Neither Sambo nor Rastus could read the time of day—or anything else—but Sambo had a nice big dollar watch which he exhibited with a great air of superiority.

"What time am it?" said Rastus.

Sambo hesitated and then extended the time-piece, saying:

"For she am."

Rastus looked at it carefully and said: "Darned it she ain't."

A stout woman drove up to a filling station.

"I want two quarts of oil," she said.

"What kind, heavy?" asked Gene Givens.

"Say, young man, don't get fresh with me," was the indignant response.

Johnny's grandmother had come from a long distance to visit her son whom she had not seen for many years.

"Are you my mamma's mother?" asked Johnny, by way of conversation.

"No, dear, I'm your grandmother on your father's side."

"Well," said Johnny decidedly, "all I've got to say is that you're on the wrong side."

Erubrant Aunt: "Now that the devil has a new bruvver what does she think of it?"

Little Girl (Boston bred): "Well, I think Daddy's relieved because hitherto we've had a preponderance of the feminine in our family."

FRANK MILLER,

Proprietor

Williams, bear witness to the popularity of Shakespeare with the composers, who have not always, however, displayed such gratitude as might seem the poet's due. Years ago a famous foreign composer was taken to Stratford and shown the memorials he regarded them without emotion.

"Shakespeare? Shakespeare?" he queried. "I seem to have heard the name."

"Why, yes," said a companion; "you set his 'Romeo and Juliet' as an opera."

"Ah, now I remember," said the composer. "Shakespeare—the librettist."

"You say financial troubles brought you here?" asked the hospital visitor.

"Why, that's hardly possible."

"It's a fact, though," retorted the patient. "I was crossing to the other side of the street to avoid one of my creditors and saw another creditor on the other side. While I was trying to escape a car hit me."

The prisoner was asked why he beat his victim.

"Well, judge, he called me a rhinoceros."

"Umph! Rhinoceros, eh? When did this happen?"

"Jess about three years ago, judge."

"Three years ago? Why did you wait until today to get even then?"

"Well, judge, de facts am dat I never seed no rhinoceros until dis mawnin'."

Reuben: "Do you think the radio will take the place of the country newspaper?"

Storkkeeper: "I doubt it. You can't wait a fly with a radio set."

Aunt Het says: "Mary puts on airs since she got rich, but I knowed her when she couldn't even afford gasoline to squirt on the bed slats."

"How do you know that gin you bought is O.K.?"

"Because, my bootlegger said that I could pay him later."

Auto Prospect: "You have shown me that your new car can go 70 miles an hour. But will such a car last?"

Gene Givens: "My dear friend, don't let that worry you. Anyone who drives 70 miles an hour will not need any car lene."

Customer: "I want about eight yards of this cloth to make my son a pair of pants."

Clerk: "Yes, m'han, but you surely will not need that much material for one pair, will you?"

Customer: "Well, I intend to make reserved seats out of what is left."

Little Ella: "Oh, papa! Do you know mamma had a tire punctured today?"

Papa: "You mean punctured, my dear."

Little Ella: "Well, anyhow, we came to a full stop."

Medical Man: "Your husband must have absolute quiet. Here is a sleeping draught."

Patient's Wife: "And when do I give it to him?"

"You don't give it to him—you take it yourself!"

WINNIPEG JOBBERS PROTEST AGAINST DUMPING DUTY

WINNIPEG—Considerable wiring is going back and forth with the customs department, Ottawa, and the Western and the Winnipeg Fruit Jobbers' association, protesting against the "dump" duty being placed on prunes coming in this week from United States.

The fruit jobbers claim they have taken all the prunes offered by British Columbia, and now that the producers of that province have nothing to offer the prairie provinces, they have to look to the United States for their supplies.

The "dump" duty adds 25¢ a car to the cost of the fruit and this is paid by the consumers. This "dump" duty is added to the regular duty of 30 cents a box, and the duty on the box

is also collected, it is stated.

Inspector Mowat, of the customs department, Ottawa, fruit branch, has been going through the prairie provinces the past few weeks checking up on the fruit shipments coming from the United States to see if the clause in the Fruit act in regard to dumping fruit on the Canadian market is being violated, and the added prune duty is one result. Fruit jobbers claim that prunes are selling on the Chicago and Minneapolis markets to United States buyers at 20 and 25 cents a case at present, and that these prunes are now being "dumped" on the Winnipeg market below the price prevailing in these centres.

K. J. Johnston, secretary of the Western Canadian Fruit Growers' association, at the instruction of the association's executive, sent the following wire to the deputy minister of customs, Ottawa:

"Understand Inspector Mowat arbitrarily placed exorbitant valuation on Washington prunes and instructed collector assess dump duty on all prunes bought for 35 cents and under. Cars bought by jobbers under this valuation purchased on competitive basis from different shippers, proving fair market value and not sold to cause dumping. Also at time imported British Columbia prunes not available car lots. Request advise collector disregard instructions, which we consider high-handed and contrary to law."

T. H. Vermer, in charge of the Winnipeg customs, or the national revenue department, as it is now known, is ill at his home, and David Scott, who was communicated with as the official taking Mr. Vermer's place, states the "dump" duty is part of the prerogative of the department, being still on the statutes. He informed the fruit men that recent shipments of prunes come under the clause and are being assessed the dump duty, although the wire received from the deputy minister, Ottawa, by the Winnipeg fruit men, stated: "The department is still investigating the matter of prune shipments and the dump duty."

ALBERTA SCHOOL WEEK ARRANGED FOR DECEMBER

The Provincial Educational Com-
mittee have arranged definitely for
the week beginning December 2.

The purpose is to arouse a keener
interest in school work and to stimu-
late a greater spirit of co-operation
between the parents and school work-
ers, by having Service Clubs and other
organizations hold luncheons and meet-
ings with teacher guests and speak-
ers and addresses by those who have
made a study of education. The Pro-
vincial committee has suggested the
following topics: "The Real Purpose of
Education"; "Defence of Present
Function of High and Public Schools";
"Sectionalism in Canada and the
Potentialities of the Teaching Body to
Develop a Whole Routed Canadian
Citizenship"; "The Necessity for Acad-
emic Freedom of the Educator"; "The
Curriculum, choice of units for High
School Examinations"; "Overcrowd-
ing of Class Rooms"; "Home Study";
"Channels Open to Children in Edu-
cation"; "Extra Curricular Activities
of Schools and the Teacher"; "Pre-
sent Experiments in Education";
"Training of Teachers"; "Revision
of the School Act"; "Need of Equalizing
the Standard of Education"; "Inadequate Provision for
Supervision".

Surely, with such an abundance
of subjects of interest to every ratepayer,
a splendid opportunity exists for the
local organizations in co-operation
with the local teachers, to work to-
gether and make a real success of
Alberta school work.

The time is very limited to make
arrangements, and if anything worth-
while is to be accomplished, prompt
action in the matter of getting organi-
zation is necessary, and certainly would
be worth while.

DRUNKEN MOTOR DRIVERS MENACE PUBLIC SAFETY

The time has surely arrived when
drastic action should be taken by the
Attorney General's Department, in
connection with any one driving a
motor car while intoxicated.

Thousands of people are daily mak-
ing use of the highways, many of
whom are women, and a reasonable
position is that as far as the action
of any other driver is concerned, to
expect them to be sober when hand-
ling a car on a public highway.

The *Mighty Five Press*, in dis-
cussing the question says:
In dealing with the case of a
drunken motor driver the Crown
Prosecutor was justified in asking
for severe penalties. There have
been no less than 170 cases of this
kind before the court, he said, and
one day during the past summer the
licensees of 263 drivers were cancelled
in Quebec. In Ontario there was re-
cently a practically unanimous de-
claration from the press of the prov-
ince in favor of imprisoning and de-
priving of his driver's license any
man found driving while intoxicated.

The law in Ontario calls for jail sen-

tences without the option of a fine,
and the Attorney General stated that
it would be strictly enforced. He
urged only that police officers should
be quite sure in their minds that the
driver is intoxicated.

The *Montreal Gazette* remarks that
the difficulty is in checking the drunk
driver before an accident occurs.
It often happens, it says, that the
condition of the driver is not known,
and cannot be known, until an ac-
cident takes place. The *Gazette* con-
cludes:

"In such cases, however, the fact
of an accident having occurred,
coupled with any evidence of drink-
ing upon the part of the driver at
fault, should be enough to convince
and to justify imprisonment without
the option of a fine. The punishment
will have been thoroughly deserved
and will serve as a warning to others.
Control of an automobile under pre-
sented traffic conditions, whether on
city streets or upon the provincial
highways, imposes a sufficient strain
and exacts such constant care and
skill, as to require absolute sobriety
to be the standard, the application
of the law should not be a very diffi-
cult matter."

Experience in Winnipeg and in all
parts of the country has shown that
the drunken driver has become a
menace to public safety and that pro-
tection must be sought by more
drastic treatment of such offenders.

NAMAKA

Mr. Mike Brown, of Carletonaid, is
spending a few days at the Ranch-
men's Club.

Mr. Marshall is holidaying in the
City of Calgary. Mr. Butler failed to
locate him while in town, and wonders
if he was at the stockyards.

A harvest home dance is planned
for Friday, November 2nd, in the
L.O.O.F. Hall.

The Ladies Aid will meet at the
home of Mrs. Wooster on Thursday,
November 8th.

The C.G.I.T. girls and their leader,
Mrs. Waters, motored to Calgary on
Friday, October 26th, taking in the
conference at Wood Church, where
a number of C.G.I.T. groups from the
different points assembled. The pro-
gramme was as follows: Song Ser-
vice Friday evening, under the leader,
Miss Mills; Speech by Miss Nix on
Saturday morning; a Devotional
Period; and on Saturday evening a
banquet, Closing Services on Sunday.
All enjoyed the outing.

ELWOOD

Edwin Hanson hauled a load of
wood to the school.

Mrs. L. F. Pinkerton was called to
Wisconsin owing to the death of her
brother, Mr. Wilkinson, who, at one
time owned the quarter where the
breaker buildings now stand.

The Blackfoot M. I. have their
grading outfit up west of the school,
and will grade the road past Sharp's
store.

The Junior Red Cross held their
regular meeting last Friday, and in-
vited the mothers, Candy and apples
were served. Songs, recitations and
debates followed.

Steed Bros. pulled their threshing
outfit up in the Alameda District,
and will thresh there.

This district seems to be the
favored one for the airplane to pass
over, as we see them quite frequent-
ly now.

H. Hanson and H. W. Leonard, of
Tudor, drove to Bowley, Alberta, on
Saturday afternoon.

THRASHER SUGGESTS FORT CHURCHILL AS RAILWAY TERMINUS

SASKATOON, Sask.—Establishing
Fort Churchill the terminus of the
Hudson Bay railway as a free port, is
suggested by W. Moss Thrasher, sec-
retary of the United Farm Council,
who believes that such action would
result in British manufactured goods
being sold in western Canada at a
lower cost than would otherwise be
the case.

Any port must necessarily be owned
by the government to be operated as a
free port. If the improvements are
built by private interests it is natural
by the purpose to make profit, he
explains. A free port, Mr. Thrasher
says, is one in which no port charges
are made to bring in vessels.
While not conversant with the scale
of charges in some of the larger Cana-
dian ports, Mr. Thrasher stated that
at the port of Montreal millions have
been expended in improvements, yet
the port charges take care of all in-
terest and sinking fund on the ex-
penditure.

OFFICIALS DECLARE BETTING MACHINE IS NOT ACCURATE

OTAWA, Ont.—The Australian auto-
matic totallizer, after trial at race
meetings at Colwood park and Wil-
liams park, Victoria, B.C., has not
proved satisfactory in Canada, the
department of agriculture announced
today. Officials of the department
kept in close check over the opera-
tion of the machine at these tracks,
and have come to the conclusion that
it was not sufficiently accurate to
permit its further use in this country.
"under present conditions, if the in-
terests of the race-going public are
to be properly safeguarded."

"The machine's statement is in-
correct, as we see them quite frequent-
ly now."

reliable and satisfactory; but unless
and until similar or approximately
similar installation and conditions can
be applied on Canadian tracks, it is
felt that the use of this machine can-
not be allowed in future in this
country.

The statement explaining that during
its operation on the Pacific coast
there was found to be discrepancies
between the amount indicated by the
automatic machine as compared with
the actual totals from the seller
machines in 48 out of the 147 races
in which it operated. The actual dis-
crepancies were small, ranging often
less than \$5 and never more than
\$100, but there did not in most cases
seem to be any correctable feature
of the machine or its operation which
would account for the error. It was
pointed out that the pools involved
were small, but such errors might
have a very appreciable difference
in winning prizes on some tracks,
particularly in the case of a non-
favorite or long shot winning.
